†*32. SHRI RAM JETHMALANI:
SHRI RAJ MOHINDER SINGH MAJITHA:

Will the Minister of WATER RESOURCES be pleased to state:

(a) whether Government have formulated any plan to cleanse the big rivers and lakes of the country;

(b) if so, the names of the rivers identified for this purpose and the quantum of additional water likely to be made available in the country due to this plan; and

(c) by when this scheme is likely to be completed?

THE MINISTER OF WATER RESOURCES (SHRI PRIYARANJAN DASMUNSI): (a) Yes, Sir. The Ministry of Environment & Forests Formulated the National River Conservation Plan (NRCP) and the National

†Original notice of the question was received in Hindi.

Lake Conservation Plan (NLCP) to improve the Water Quality of Rivers and Lakes respectively of the country which is being implemented by them.

(b) Under the National River Conservation Plan, the works of pollution abatement of 32 rivers are under progress. The names of the rivers are given in the statement. (*see* below) The objective of NRCP is to improve the Water Quality of the rivers. However, no assessment in exact terms has yet been made in terms of availability of additional water by this project.

(c) At present, the works of NRCP are spread over 32 rivers in 158 towns and 19 States across the country. Similarly, under the NLCP works in 35 lakes across 8 States of the country are under implementation by the Ministry of Environment & Forests. In view of inadequacy of funds, the completion of the schemes will go beyond Tenth Five Year Plan.
